### Family Background

Memory lives with her parents and two (2) siblings in Jack Compound. They rent a two-roomed house that costs K750 a month. Her older sibling is in Grade 12 while her younger sibling is in preschool. Her father aged 43 years is a builder and earns about K1500 (USD 91.55) a month. Her mother aged 36 years is a maid at a primary school and earns K700 (USD 42.72) per month. The biggest challenge that the family faces is making ends meet on a monthly basis. The parents have a hard time providing for the daily needs of the family.

### Academic Background

Memory attends New Kamulanga Primary School. From first grade, she has been one of the highest achievers in the school and is usually number one in her class. She scored the second highest mark in the KF exams. Her favorite subjects are Math and Science.

### Extracurricular Activities

Memory is a Pathfinder at her church. Her roles include maintaining order during church services and assisting in organizing programs. In addition, she likes to sing and do art. She is interested in motivational speaking. Memory is a class monitor and helps maintain order in class and assist the teacher with different tasks.

### **KF's Thoughts on the Student**

Memory is intelligent and responded well during the interviews. She is academically talented and able to explain and answer questions well.

### **Student's Thoughts**

Memory says that the KF scholarship would be an opportunity for her to transform her family, community, and the world at large. The education will equip her with knowledge on how to be a change maker. She aspires to be a doctor when she grows up so that she can treat people who are sick.
