

Our Aims

- Provide child-centred learning and an education for life
- Offer an education in which every child is able to make full use of their intellectual and creative abilities
- Run by Pestalozzi World- a British charity organization, we aim to offer the best education
- Promote co-operation among students through an appreciation of the diversity of others' cultural, social and religious beliefs
- Promote peaceful co-existence and highest moral values
- Provide relevant life skills for children's personal growth and development of communities in which we live

*Pestalozzi World
educating children*

Pestalozzi Education Centre

Primary and Secondary School

**Outstanding education for
Head, Heart and Hands**

Pestalozzi Education Centre is an outstanding primary and secondary school with high academic achievement, where pupils have a caring attitude towards others and a positive attitude for work

Primary

- Qualified specialist teachers for English, Maths, Science and Creative Arts
- Sports programmes, clubs, academic and recreational trips and events throughout the school year
- English medium teaching from Grade 1 to Grade 12, alongside tuition in local languages
- Specialist Library and Computer Labs and state of the art desktops

“Pestalozzi Education Centre offers a holistic education focusing on experiential learning. Our values of head, heart and hands mean students are equipped to be responsible and rounded citizens” **Sydney Himwiita, Principal**

Educating the Head, Heart and Hands

- **Head:** An examination centre for Grade 7, Grade 9 and Grade 12, consistently in the top Ten private schools for ECZ examinations
- **Heart:** Nurturing citizens with passion for what they do, tolerance for others and a readiness to serve the community
- **Hands:** Giving children life skills they need to succeed as adults in the modern age

Secondary

- A selective school with consistently excellent ECZ Grade 9 and Grade 12 results
- Specialist science labs for Biology, Chemistry and Physics
- Specialist Library and Computer Labs with Desktops available for a full class
- A diverse community of hardworking students with a passion for learning
- Diverse options of sports and clubs
